Not all courses will have pre-determined grade cut-offs (percentages that determine your 1-7 grade). The Global Mobility Office can provide a percentage breakdown of a student's grade once it has been awarded, ask your Study Abroad Advisor for more info.

#### Transcript Request:

Official transcripts are sent to Illinois State through electronic delivery. It is each student's responsibility to request an official transcript to be email to the ISU Study Abroad Office prior to program completion.

**Grade Articulation Process:**

Upon your program completion, an official transcript from your host institution will be sent to the Office of International Studies and Programs. Upon receipt, your transcript will be forwarded to the [Office of the Registrar](#) for evaluation. Your transcript and [Academic Planning Form](#) will be used together to determine the ISU equivalent credit, which will be entered into your ISU grade report. All grades earned during study abroad will impact your ISU cumulative GPA.

Please see the [transcript section](#) of the study abroad website for details on estimated processing time as well as how to view your grades.
