

France - ICN Business School

Grade Conversion

Each institution has their own system for evaluating student coursework, which may include differences in the number of credit hours earned for courses. The following articulation information has been agreed upon by Illinois State University and your study abroad host institution.

Grade Conversion

ICN Grade	Description	ISU Grade
16-20 (A+)	Trés Bien (very high honors)	A
14-15.99 (A)	Bien (high honors)	A
12-13.99 (B)	Assez Bien (with honors)	B
10-11.99 (C)	Passable (pass)	C
8-9.99 (D)		D
7.99 and less (F)	Ajourné (fail)	F

Credits Earned Conversion

ICN Credits Earned	ISU Credits Earned
10 credits	5 credits
8 credits	4 credits
6 credits	3 credits
5 credits	2.5 credits
2 credits	1 credit

COB students will receive 1 ISU credit for each 2 ECTS earned. In some courses, this means that credits will not match exactly ISU courses. So for example, 2.5 ISU credits will be granted for 5 ECTS classes but COB will waive the 0.5 hours for COB classes requirements. However, the University will still require 120 hours of which must be 42 senior hours for graduation.

- **Summer:** students take INB 245.19 and IDS 133.05 (3 ISU credits each)
- **Fall/Spring:** students choose their own courses

Grade Articulation Process

Upon your program completion, an official transcript from your host institution will be sent to the Office of International Studies and Programs. Upon receipt, your transcript will be forwarded to the [Office of the Registrar](#) for evaluation. Your transcript and [Academic Planning Form](#) will be used together to determine the ISU equivalent credit, which will be entered into your ISU grade report. All grades earned during study abroad will impact your ISU cumulative GPA.

Please see the [transcript section](#) of the study abroad website for details on estimated processing time as well as how to view your grades.
