

# Instituto Tecnológico y de Estudios Superiores de Monterrey (ITESM)

## Grade Conversion

Each university evaluates their students slightly differently. Sometimes there are even differences in terms of credits earned. The following articulation information has been agreed upon by Illinois State University and your study abroad institution.

### Grade Conversion

ITESM Grade	ISU Grade
90-100%	A
80-89%	B
70-79%	C
1-69%	F

### Credit Conversion

Students will earn 3 credits when successfully completing 8 Tec Units at ITESM. Some courses (e.g. laboratories, workshops) may be worth more or less than 3 credits, however, this will be noted by ITESM as something other than 8 Tec Units.

Summer participants register for INB 245.18 and INB 398.01 (3 hours each).

Fall/Spring participants choose their own courses.

ITESM Units Earned	ISU Credits Earned
8 units	3 credits
16 units	6 credits

### The process of grade articulation:

At the end of your program, a transcript from your study abroad university will be sent to the Office of International Studies and Programs. Your transcript, together with the Course Placement Request Sheet you completed as part of your application, will be evaluated. You will receive equivalent ISU grades on your transcript which will count toward your GPA. This process can take time. **Please be patient!** If it has been more than two months since the completion of your program and you have not received any grade information, please contact a study abroad advisor.
